Test 1

- Playing through the game like a normal person, verifying that all features work as intended
    - No issues

Test 2

- Playing through the game testing previously fixed bugs
    - Testing character interactions
    - Pause function
    - Boundaries
        - No issues

Test 3

- Playing through the game trying to break it
    - Putting in a very long username
    - Clicking everywhere
    - Pressing random keys
        - Found out the username has no limit, added a limit
